

Production II

FFT, a leader in foam fabrication, is looking for Production II workers to join their growing team at their New Richmond facility.

JOB RESPONSIBILITIES:

Primary responsibilities for the position will include setting up and operating level two work centers, and operating level 1 work centers or helper work centers as required and trained. All work done while producing product is performed per documented SOP's, work instructions and general operating procedures. Equipment is run per written procedures and standard operating procedures for that particular piece of equipment.

JOB QUALIFICATIONS:

Qualified candidate will have a high school diploma or GED and 1-3 years related experience and/or training, the ability to read prints, work orders, and tape measure, manage heavy and light volume workloads to meet critical business needs, and work in a fast-paced environment while demonstrating flexibility, commitment to teamwork, and a willingness to change assignments and work overtime to meet customer needs. Qualified candidate will also possess strong communication skills, have good attendance, and be self-motivated.

We offer a competitive comp/benefit package including a matching 401k plan. If you are interested in being considered for this position, please stop by to fill out an application or send a resume with cover letter to:
