

Maintenance Technician

FFT, a leader in foam and fiber fabrication, has an opening for a Maintenance Technician to join its location in Cokato, MN. Primary responsibilities will include performing preventive maintenance on plant equipment, building and grounds, assisting with repairs, controlling inventory levels and performing machine troubleshooting. This position will be required to work in all production areas efficiently and safely to produce a quality product.

Qualified candidates must have a high school diploma or GED, along with 1-3 years of experience, preferably in a manufacturing industry. Welding experience required and pneumatics experience preferred.

We offer a competitive pay & benefit package including a matching 401k plan. If you are interested in being considered for these positions, please stop by 150 Industrial Blvd. Cokato, MN to fill out an application or send a resume with cover letter to:
